Date : ०९/०२/२०१९

TO WHOM SOEVER IT MAY CONCERN

Thane Municipal Corporation(TMC), Maharashtra- PWD dept , takes pleasure in writing this letter of recommendation and support in favour of Resonant Innovative Technologies LLP(RIT) for the green certified and anti-corrosive coating.

Thane Municipal Corporation has been using Rust Grip coatings since 2015 on different bridges in TMC Limit. We have successfully completed two major bridge restoration projects with Rust Grip. One at Rabodi and the other at Vartak Nagar.

Based on our current observation and experience our corrosion maintenance cost have reduced using Rust Grip. We are confident that the life of Rust Grip application on these bridges mentioned above would last more years to come, resulting in recurrent savings on maintenance costs.

We highly recommend public works department to consider Rust Grip as their Anti Corrosive Coating option.
